# Greater Sudbury Arts & Culture Grant Program Guidelines

---

## Background

Support for the local arts and culture sector is an investment in the quality of life for our community. The City of Greater Sudbury developed the *Cultural Plan* in 2015 to create a vision statement, guiding principles, goals and recommendations to foster growth and development of the arts and culture sector in Sudbury.

**Familiarize yourself with the Greater Sudbury Cultural Plan:** <http://investsudbury.ca/arts-and-culture>.

Established in 2005, the City of Greater Sudbury's Arts and Culture Grant Program stimulates the growth and development of this important economic sector, increases its potential to attract and retain a talented and creative workforce and presents an investment in quality of life for all residents.

The City's Economic Development division, through the Tourism and Culture section, has coordinated the application process for the Arts & Culture Funding Program since its inception. The process of reviewing applications and assessing merit is conducted with assessment committees. The recommendations of the Assessors are then brought forward to the City of Greater Sudbury Community Development Corporation (GSDC) Board of Directors for review and approval on behalf of City Council. The funding is disbursed to grant recipients through Contribution Agreements, which also lay out requirements for reporting results and communicating the City's contribution.

Under GSDC oversight, the program has allocated millions of dollars in funding to over 120 local arts and culture organizations. This investment has led to the employment of more than 200 artists, the hosting of hundreds of festivals and a strong community impact.

## Program Objectives

To provide funding support in line with the priorities identified in the *Greater Sudbury Cultural Plan* in order to foster the growth and development of the local arts and culture sector. **How does your project align with the vision and goal outcomes of *Greater Sudbury's Cultural Plan*?**

### Vision

*Greater Sudbury is a Northern cultural capital celebrated from coast to coast to coast for its artistic excellence, vibrancy and creativity. A diverse cultural sector breathes life into our entire community through a range of programs and events which showcase the immense talent of local artists who draw inspiration from the land and the rich multicultural heritage of the region.*

### Strategic Directions of the *Cultural Plan*

<b>Creative Identity</b>	Greater Sudbury is multicultural and has a unique historical relationship with its geographical landscape. Cultural resources help define the identities of individual communities as well as the shared identity of Greater Sudbury as a whole.	Goal: Support the binding effect that culture contributes towards maintaining a shared sense of community and identity.
<b>Creative People</b>	Creative individuals are at the heart of the creative economy, but also foster social development. Nearly everyone participates in creative pursuits in some aspect of their lives.	Goal: Foster and promote local talent within the creative cultural sector. Nourish dynamic and diverse cultural experiences for all levels within the community
<b>Creative Places</b>	Quality of place is a powerful driver in attracting and retaining talent in a global world.	Goal: Grow beautiful environments that reflect the cultural richness and heritage of the city. Design infrastructure with intention and create a cultural estate.
<b>Creative Economy</b>	Creativity and culture impact the economy in many ways, from directly employing people to being a component of almost any employment sector. There has been increasing recognition of the powerful role creativity and culture play in economic restructuring and generating wealth in our communities.	Goal: Build awareness and public engagement in cultural activities. Strengthen a diverse economy of cultural resources to maximize their contribution to economic development.

### **CADAC (Canadian Arts Data/Données sur les arts au Canada)**

CADAC (Canadian Arts Data / Données sur les arts au Canada) is a web-based application dedicated to the collection, dissemination and analysis of financial and statistical information about Canadian arts organizations.

A joint effort of [arts funders across the country](#), CADAC provides a simplified process for arts/cultural organizations applying for Operating Grants. Arts organizations making application to multiple funding agencies submit their financial and statistical information in a single format, to a single source. They have access to their own historical data and to reports both on their own organizations and comparisons to all similar organizations in the database.

Public sector funding agencies have immediate access to current and consistent data for all the arts organizations they fund. Aggregate data across CADAC is also accessible, allowing for reliable and consistent analysis of the Canadian arts sector. Individually and collectively, funding agencies will be able to report on the health of the field and the impact of the arts in their communities.
